Sri. Bidhan Chandra Roy
Inspector CGST, Cooch Behar
Sri. Saurabh Kumar Singha
Inspector CGST, Cooch Behar
Sri. Rajib Paul
Inspector CGST, Cooch Behar

ABOUT THE WORKSHOP:

On the midnight of 30 June 2017 Government of India finally launched the Goods and Service Tax, the biggest tax reform in 70 years of Independence. The implementation of GST, unifies different taxes including excise, service tax and VAT etc., and transform India into a single market for seamless movement of goods and services. Keeping in mind the federal structure of India, there will be two components of GST – Central GST (CGST) and State GST (SGST) ,in case of inter-State transactions, the Centre would levy and collect the Integrated Goods and Services Tax (IGST) on all the inter-State supplies of goods and services. The GST Council decided to have four slabs under the GST regime. The four-tier tax structure contains four separate rates: a zero rate, a lower rate, a standard rate, and a higher rate. The new tax structure was carefully crafted to keep both the burden of the common man and inflation rates in mind. The zero rate tax is a nil tax rate that is applied on goods and services. This is equivalent to tax exemption and does not have any effect on the price of the product. A higher rate of 28% will be levied on white goods While this landmark tax paves the way for the vision of 'One Nation, One Tax', it has also generated apprehension among the populace on how it will affect their finances, businesses and day-to-day life.

Program Schedule:

Inaugural Session:

11 am: Welcome of the Guest
